VENTURES

### **PROMOPRINT VENTURES LTD PROFILE**

PromoPrint Ventures Ltd specialises in the manufacture and printing of promotional items such as Polos, T-shirts, uniforms, corporate apparel, baseball caps, badges, varied bags etc which are customised to suit an organisation's needs. A variety of promotional items and corporate gifts are also available, and we can source for all items suited to a particular industry. Logos and other personalisation's are achieved using a variety of screen-printing, full colour transfers, embroidery and engraving on a wide variety of merchandise, some produced locally and others imported. The many years of being in the industry enables us to proffer free advice and consultations to our clients, to ensure they are fully satisfied with their items.

Some of our many satisfied customers are First Bank, Shoprite, Guinness, GTB, UAC, Lagos Business School, Redeemed Church, Chevron, Hygeia, St Saviour's School, American International School, Red Cross, and many other Banks, Companies, Churches and Schools.

We approach our jobs with professional efficiency, and will not promise what we cannot deliver. Each job is treated with the same attention to detail, whether it is five or fifty thousand items. As we have our own factory and machines, there is no middleman and all savings go the client. Quality is key for us and for our clients.
